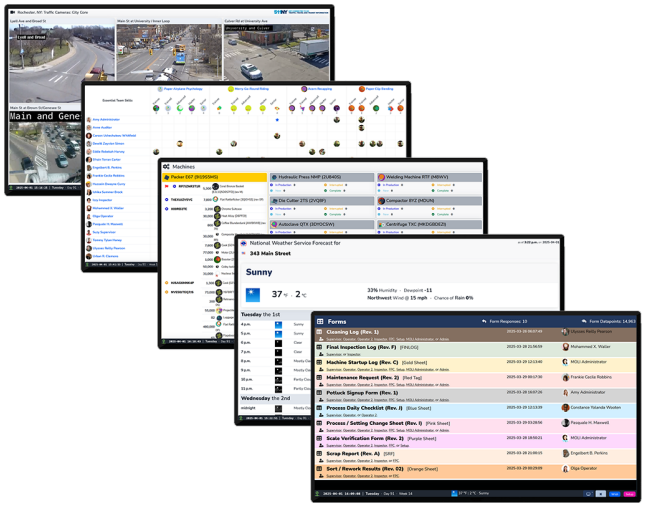
MOLI Digital Signage

real-time awareness · comprehensive visibility



Increase Situational Awareness. Improve Operational Results.

MOLI Digital Signage displays a rotating set of live content that informs your employees of all factors that affect their work — including key production metrics, job progress data, manufacturing alerts — and the local weather and traffic.

The Elo Backpack attaches to any TV and provides the signage experience over an HDMI port.

INCLUDED DIGITAL SIGNAGE: CORE

- **Alerts**: shows all active and recently-active Alerts
- **Comments**: shows recent Comments added system-wide
- **Escalations**: shows all unresolved and recently-resolved Escalations
- **Forms**: shows all Forms, and who filled them out last, when
- **Headcount**: summarizes Visitor Kiosk and Timeclock activity; shows who is presently on-site
- **MOLI Integrations Status**: displays all configured Integrations and when they last ran
- **MOLI System Status**: shows current compute, memory, and disk utilization for your MOLI System
- **MOLI Transmission Log**: shows recent email, SMS, and voice call activity system-wide
- **Machines, Each**: on each rotation, picks a random Machine to show in detail
- **Machines, Overview**: an overview of all Machines and their job status
- **Manufacturing Overview**: Job Status and Production Summary (same cards as Manufacturing Dashboard)
- **Production Notifications**: all recently-triggered production notifications
- **Quality Overview**: open NCR, Complaint, RMA, and CAR counts; Cost of Quality, First Pass Yield, and DPPM
- **Skill Matrix**: on each rotation, picks a random Skill Matrix to show in detail
- **Uncertified Training**: shows all Training Verifications in need of certification
- **Unresolved Assessments**: shows all Assessment failures in need of resolution
- **Workcenters, Each**: on each rotation, picks a random Workcenter to show in detail
- **Workcenters, Overview**: an overview of all Workcenters and their job status

INCLUDED DIGITAL SIGNAGE: NATIONAL CONTENT (UNITED STATES)

- **Gas Prices**: every current EIA-reported price, highlighting the row for your facility's location
- **Spaceflight**: live spacecraft launch data, people in space, and astronomy photos
- **U.S. Manufacturing Pulse**: national manufacturing employment, earnings, and hours trends from the BLS
- **U.S. Military Common Operational Picture**: Department of War news and imagery, defense spending and Defense Industrial Base contract awards, military observances, and nearby installations and VA vet centers
- **Weather**: displays the National Weather Service forecast for the configured location

INCLUDED DIGITAL SIGNAGE: LOCAL CONTENT

- **Airport Flights**: Rochester / Buffalo / Syracuse NY only; live departure and arrival boards for ROC, BUF, and SYR
- **Amtrak Trains**: Rochester / Buffalo / Syracuse NY only; live Amtrak arrival and departure times
- **Bus Status**: Rochester, NY only; the next few arrival times for RTS buses that stop near your facility
- **City of Rochester**: Rochester, NY only; local commercial corridor traffic and civic content
- **Local Sports**: Rochester / Buffalo / Syracuse NY only; scores and schedules for local pro and college teams
- **McQuaid Jesuit HS Seismograph**: Rochester, NY only; live seismograph readings from McQuaid Jesuit High School
- **Monroe County**: Rochester, NY only; local county information and civic content
- **Power Outages**: Rochester / Buffalo / Syracuse NY only; utility outage status for your facility's service area
- **Traffic Cameras**: Rochester / Buffalo / Syracuse NY only; live camera feeds of traffic near your facility

HOW IT WORKS — OPERATIONAL PARAMETERS

- **Configured Signage**: which signage should be displayed, per signage device
- **Timer**: signage changes / refreshes on a configurable interval
- **Shuffle**: signage changes / refreshes can be in-order (sequential), or on-shuffle (randomized)
- **Split Screen**: splits the output; displays MOLI Digital Signage plus your configured URL(s)

THE ELO BACKPACK + ERGOTRON SIM90

The **Elo Backpack** (SKU #E620713) attaches to any TV and provides the signage experience over an HDMI port.

It provides a fully-managed device and years of worry-free operation, with optional extended warranties available.

The device is a powerful, enterprise-grade computer complete with Android OS, WiFi and Ethernet connectivity, and built-in VESA mounting options.

AUTHORIZED elo ELITE PARTNER
