

MOLI Safety Data Sheets

SDS access where and when operators need it

Put Safety Data Sheets where they're needed, facility-wide.

SDS are linked to the items and jobs that need them — searchable by all personnel, available at every kiosk.

No more binder hunts or out-of-date folders missing new sheets. Provide critical safety information and meet EHS compliance with ease.

HOW IT WORKS

Upload your Safety Data Sheets to MOLI.

Link them to Items for contextual access, or simply attach them to a Kiosk to quickly create a dynamic EHS library.
