MOLI Certified Devices

TC501 Mobile Computer — Advanced Long Range (AC670)

Zebra Technologies • MSRP: \$ 3,507.50

Read barcodes at range.

When the barcode isn't within arm's reach, the Zebra TC501 with AC670 imager delivers. Capable of reading barcodes and capturing high-resolution color images at distances up to 100 ft. (30 m), this configuration is purpose-built for high-bay racking, vehicle-mounted workflows, and any application where workers need to scan without physically accessing the labeled item. Rated IP68 and IP65, it shares the same rugged credentials as the standard model — withstanding drops to 8 ft. (2.4 m) on concrete and full protection against dust and water ingress — with scanning range that eliminates the compromises. 6 inch screen.

WARRANTY INFORMATION

Duration: 1 Year
